

## End of season wrap

Congratulations to our 2013 winners:

**John** Stefanovski (AFL comp)

**Wayne** (NRL comp)

A man's gotta do  
what a man's gotta do...

Special shout-out to  
**'Top bloke' Wayne**,  
for donating his \$750  
NRL competition  
winnings to charity.

### AFL

- 1st John Stefanovski
- 2nd J-Man
- 3rd Michael Price
- 4th Arie van den Berg

### NRL

- 1st Wayne
- 2nd Oleg
- 3rd David Whittle
- 4th Arie van den Berg

### PRIZES

- 1st \$750
- 2nd iPad2
- 3rd Kindle Touch
- 4th Donation of 2 goats

Honourable mention goes to **J-Man** who led Taylor Fry's AFL comp for most of the season but was pipped at the post by **John Stefanovski's** tipping of upsets in the last few rounds.

**Oleg** also tipped a number of upsets in the last week of the regular NRL season to leapfrog into second place. Had he also tipped the Sharks to upset the Raiders he would have clinched the deal!

**Michael Price** and **David Whittle** filled third spot in our AFL and NRL comp respectively. And **Arie van den Berg** did well to finish fourth in both competitions. Who could have predicted that?.... Maybe a pair of goats...

## How Taylor Fry stacked up

The Taylor Fry models performed strongly this year, with all three models finishing in the top 10 of our AFL comp and two models in the top 10 of our NRL comp. The third NRL model finished 13th.

And Taylor Fry was an 'Eggspert' on the  [www.footytips.com.au](http://www.footytips.com.au) AFL and NRL panels, where we were once again the top tipsters! Please see the next page.

## Weekly winners

Our weekly winners each receive a well-deserved bottle of bubbly for finishing first, but special congratulations goes to **John Hand** for being the weekly winner *five* times in our AFL and NRL comps. The fact that John did not finish in the top ten of either competition tells us, "John likes to tip the upsets"!

If you are one of our lucky winners, collect your prize from our Sydney or Melbourne offices. Please see the next page.

## Bring on 2014

We have off-season plans to overhaul the Taylor Fry models to make them even leaner and meaner for 2014; so next year is looking like it will be as hotly contested as 2013 ...

Here's hoping you will again pit your wits against the Taylor Fry models to win big next year!

### *The fine print*

Taylor Fry Analytics will compete using three entries per competition– two GLMs and a Treenet® model. For those interested we'll send a periodic newsletter during the season with evaluation and discussion of the models. Entry is by invitation only to keep the numbers reasonable. If you know of someone else in your organisation that would like to be involved please send us their name, company, job title and email address and places permitting we'll send out a few extra invitations. The competition is run and tips are input using an independent website. You'll receive a reminder email for tips from the website each week. Taylor Fry will award prizes based on the outcome on the website. The judge's decision is final and no correspondence will be entered into.
